

XIXth Symposium on High Resolution Molecular Spectroscopy

**HighRus-2019
1 - 5 July 2019
Nizhny Novgorod, Russia**

First circular

The XIXth Symposium on High Resolution Molecular Spectroscopy (HighRus-2019) will be held on 1 – 5 July, 2019, in the town of Nizhny Novgorod, Russia.

Organizers

V.E. Zuev Institute of Atmospheric Optics SB RAS, Tomsk, Russia
Institute of Applied Physics RAS, Nizhny Novgorod, Russia

Co-Chairmen

Igor V. PTASHNIK

Program of the symposium

The symposium will cover a wide range of topics concerning high resolution molecular spectroscopy and its applications including:

1. High resolution spectroscopy of molecules, including radicals, ions, complexes, molecules in matrix and nanostructures.
2. Spectroscopy of intermolecular interactions in gases.
3. Theory of molecular systems and computational methods.
4. Spectroscopic aspects of intramolecular dynamics and photodissociation.
5. Quantum chemistry in spectroscopy.
6. Microwave and terahertz spectrometry
7. Experimental techniques, methods and applications.

The symposium schedule will include

1. Invited lectures (up to 45 min)
2. Oral presentations (15 min)
3. Poster sessions

Some important dates

- 25th November 2018 – Second announcement
14th January 2019 – Start of registration and abstract submission
20th February 2019 – Deadline for abstract submission
1st March 2019 – Publication of preliminary symposium program
1st June 2019 – Third announcement
15th June 2019 – Deadline for registration

All information related to HighRus-2019 will be posted on the symposium website at:
